Consent Forms 2026

You have papers or presentations at the ICML 2026 conference that require one or more release agreements to be signed. The release agreements give ICML permission to publish video

recordings of oral presentations and/or to publish accepted papers in the proceedings. The agreements also give ICML permission to promote and announce your talks and papers. You retain the copyright to your work.

You have 0 forms to be signed.

Note that only one author per paper needs to sign the publishing release. The release form for your paper has been signed by, Jinjie Shen

Publishing Release: OmniVL-Guard: Towards Unified Vision-Language Forgery Detection and Grounding via Balanced RL, CORE: Conflict-Oriented Reasoning for General Multimodal Manipulation Detection ==> (Signed and Accepted)

Speaker:

Name (Print): Jinjie Shen

By Checking this box and typing my name in the box below, I am agreeing to electronically sign this contract:

☒ Accept ☐ Decline

Signature:
