You have papers or presentations at the ICML 2026 conference that require one or more release agreements to be signed. The release agreements give ICML permission to publish video recordings of oral presentations and/or to publish accepted papers in the proceedings. The agreements also give ICML permission to promote and announce your talks and papers. You retain the copyright to your work.

You have 1 forms to be signed.

Publishing Release: Biologically plausible heavy-tailed connectivity enhances generalizations on cognitive tasks in recurrent neural networks ==> (Signed and Accepted)

Speaker:

Name (Print): Zhe Jiao

By Checking this box and typing my name in the box below, I am agreeing to electronically sign this contract:

☒ Accept ☐ Decline

Signature:

Date: May 24, 2026

Name (Print): Kilian Weinberger

Signature: 

International Conference on Machine Learning

Date: May 24, 2026
